ANGOLA

Tender for nine onshore petroleum concessions in Angola

The National Agency for Petroleum Gas and Biofuel (ANPG) announced on 31 December 2020 the tender for the concession of 9 onshore blocks in Angola. The tender comprises Blocks CON1, CON5 and CON6, of the Lower Congo Basin and Blocks KON5, KON6, KON8, KON9, KON17 and KON20, of the Kwanza Basin ([Map](#)).

The tender will be officially launched on 30 April 2021 and will require applicants to pay an entry fee of USD 1,000,000.00. Payment of the entry fee will grant access to the relevant data packages of the basins subject to tender.

The deadline for submission of bids is 9 June 2021, with all bids being open on 10 June 2021. The assessment period will then run for 45 to 65 days. After the winning bids are chosen, the ANPG and the relevant associates of the block will negotiate the underlying concession documentation. ■
